Summary: Full Stack Web Developer with a background in art, technology, and design. Merging the world of logic and coding with an artistic eye proves to not only be rewarding but creates the desire to find elegant solutions to common problems. Passionate, focused, and unflappable.

Technical Skills:

Front End Aptitude: HTML5, CSS3, JavaScript, jQuery, Bootstrap4

Back End Aptitude: Node.js, Express, MySQL, MongoDB

Projects:

2PLAY || github.com/raskog1/2PLAY || <https://go-2play.herokuapp.com/main>

- An app that creates joint playlists based on song ratings provided by two different users.
- Architect of the entire backend using MySQL, Express, Node.js, and Sequelize. Utilized jQuery to dynamically create front end elements. Assisted with Spotify API integration.
- Built with Node.js, Express, MySQL, jQuery, HTML5, CSS3, Bootstrap4, and Spotify API.

Happy Hour || github.com/raskog1/HappyHour || <https://raskog1.github.io/HappyHour/>

- The Happy Hour finder was created as a “coming out of quarantine” app where a user can find current restaurants and bars within close proximity to their current position.
- Involvement was primarily in integrating the MapBox API and having it work in conjunction with the Zomato API. Also created the base HTML and mobile responsive design.
- Built with HTML5, CSS3, Bootstrap4 with Flex, jQuery, MapBox and Zomato API's.

Work Experience:

Director of Services

11/13-Present

Sheraton Grand Hotel, Sacramento, California – Marriott International

- Responsible for the hiring, scheduling, and productivity of over sixty employees in accordance with Union regulations as well as hotel needs and budget.
- Successfully helped manage and integrate the Marriott merger, including a complete shutdown of the hotel to transition our computer systems to Marriott servers.
- Maintained Starwood standards on training, inspecting, cleaning procedures, building culture, and safety measures.

Accomplishments:

- Recognized as a top Starwood leader for Management Leadership and Engagement scores three years in a row (2014-2016).
- Oversaw several large departmental projects including a 500+ room mattress replacement, room fridge installation, and switching to a new laundry vendor.
- Attended Rooms University in 2015, a weeklong seminar geared towards hands on training for rooms leaders within Starwood.

Education: UC Davis Continuing and Professional Education, Davis, California

Certificate in Full Stack Web Development

Expected Graduation: September 2020

University of Wisconsin La Crosse, La Crosse, Wisconsin

Received Bachelors of Science Degree in Art with Printmaking emphasis
